With reference to correspondence ending with your letter No.I.C.6447/Geol. 56-24-4 dated 28th March 1925 in the matter of the Revision of Establishment of this Department, I have the honour to re-submit the proposals contained in my letter No.1564 dated 29th March 1923 for favourable consideration and orders of Government.

They have been patiently waiting for this increase for many years, i.e. since the reorganisation of the Department in 1919. Apart from this, the cost of living - as compared with the period when the grades were fixed - has considerably increased so that, unless some relief is afforded to them in the manner proposed, there is neither encouragement nor anything for them to look forward to, hence the clerks, for whom

REVISION OF ESTABLISHMENT.

Apart from this, the cost of living - as compared with the period when the grades were fixed - has considerably increased so that, unless some relief is afforded to them in the manner proposed, there is neither encouragement nor anything for them to look forward to, hence the clerks, for

whom increments are proposed, deserve to have their services recognized.

4. This is a technical Department manned by a small staff with limited prospects. They have to remain in the same grades of pay indefinitely, while their compeers in other Departments are and will be getting higher grades by transfers, promotions, etc.

5. The proposals submitted are very modest and involve an additional expenditure of only Rs. 42/- per mensem, if the maximum pay as recommended to the Head Clerk for his long service without any increment is sanctioned, otherwise only a sum of Rs. 14/- is required for the first annual increment, therefore the proposals do not appear to be in any way unreasonable.

6. Early orders of Government are solicited in the matter to enable necessary provision to be made in the Budget Estimates of this Department for the coming year to meet the small additional expenditure involved.

I have the honour to be,

Sir,

Your most obedient servant,

L. Bocquet.

SIR,

With reference to your letter No.I.C.6232/Geol. 109-25-2 dated 9th March 1926, I have the honour to submit, herewith, for favour of sanction of Government a proposition statement in duplicate for the revision of establishment of this office, duly verified by the Comptroller and received with his letter No.Books 1764 dated 17-3-1926 - copy enclosed for kind reference.

The proposal involves an additional cost of Rs. 65/- per mensem but only Rs. 41/- per mensem in the first year provided the Head Clerk is granted the maximum, as recommended, in view of his long service in the Department.

I request that these modest proposals may be favourably considered and receive the sanction of Government at an early date.

C. Ranganatha Rao Sahib, Esq., B.A., B.L.,
Secretary to the Government of His Highness

B A N G A L O R E.

Sir,

Adverting to Government Order No. I.C.8045-6/Geol. 109-25-4 dated 28th May 1926, re: revision of establishment of this Department, I have the honour to submit the following points for t h e favourable consideration of Government:-

2. The Head Clerk and the 1st Clerk, who are now drawing Rs. 77/- plus 10/- P.A. and Rs. 55/-, reached the maximum of their former grades in July and March 1919, respectively. Since then, they have had no increments. The maximum of the newly sanctioned grades of these officials is Rs. 100/- and Rs. 60/-, respectively. It may be mentioned here that the present Head Clerk, who is 52 years of age and due to retire in a few years time, will not benefit by the revision if he is not given the maximum pay now; this was recommended before. The 3rd Clerk, who is the Steno-typist, has also reached the maximum of his grade, viz: Rs. 35/-, and the maximum pay of the new grade is Rs. 40/ only.

3. The increase in the emoluments of these officials, as now sanctioned, is very small and quite inadequate compared with the amount, quality and character of work turned out by them. As some encouragement, I submit that they should be given the maximum of the new grades and allowed to draw the same with effect from the 1st July 1926. I recommend this not only in recognition of the good work done by them, but also in view of the fact that two of t] have had no increments for the past 7 years.

Appx 11

4. It was my intention to send in separate proposals regarding the 2nd Clerk and the Mining Attendant. But the Government, on their own initiative, have favourably considered the claims of the former and put him on a par with the 1st Clerk.

5. The Mining Attendant's case merits special consideration as the nature of his duties is such that his working hours are perforce much longer than is usual - 7 A.M. to 5 P.M., with an interval at mid-day. He is the only one of the staff whose case has been overlooked and who is left without any improvement in grade. Hence it is only just that he should also be given some encouragement by raising his pay to the grade of Rs. 30-2-40, which brings him a small increase of Rs. 5/- over the present scale maximum of Rs. 35/-.

I have the honour to be,

Sir,

Your most obedient servant,

R. Bacquet.

Sir,

In reply to your letter No. I.C.74/Geol. 109-25-6 dated 6th July 1926, I have the honour to inform you that the 3rd clerk of this office reached the maximum of the old grade, viz: Rs. 35/-, on 1st September 1925.

The case of the present incumbent was specially recommended for the grant of maximum pay of the newly sanctioned grade in view of the fact that he has been given only a very small increment (Rs. 5/-) and has been attending to the miscellaneous work of this office including gold statistics, royalty returns, etc., in addition to the Steno-typist's work.

Under these circumstances and in view of the above facts his case may be favourably considered.
